# SERVICES

---

Swank Audio Visuals offers a superior audio visual experience. As partners in success, we will assist you and your planning team with all your needs from basic equipment to complex systems. Our technical expertise and familiarity with the specific characteristics of the facility uniquely qualify us to provide the best solutions for your objectives. Dedicated operating technicians can be assigned to your program with advance request to ensure the Flawless Execution of your event (refer to rate schedules below).

**Equipment and services are available on a first-come, first-serve basis. Advance reservations are required to avoid potential additional costs for Rush fees and Delivery charges. Additional labor charges generally apply for "pop up" requests.**

All prices are published daily rates and are subject to change without notice. Equipment prices do not include and are subject to the **Hotel Standard 20% Service Charge** that covers Labor for Basic set-up, testing and removal of equipment during regular business hours. Labor intensive and/or after-hours sets, meeting space changes and room without 24-hour holds generally reflect additional labor charges. In room Operating Technicians are booked at day rates with a half-day minimum per the Rate Schedule below.
